Curiosity

At Endon High School, we believe in our motto ‘There is more in you!’ and so have the highest expectations of ourselves, as well as of our students. The desire to challenge ourselves, learn new things or know and understand something new motivates us to try our best in everything we do. We value enquiring minds, the acquisition of knowledge, innovation, a spirit of exploration and a commitment to getting involved.

Determination

At Endon High School, we work hard, try our best and aim for excellence. We are tenacious and driven to achieve both our academic and personal goals. This determination to be resilient, to keep going when learning (or life) is difficult, and to come back and try again when we struggle, helps us to succeed.

Kindness

At Endon High school we are kind to one another. Everyone should feel they belong. This means that we are considerate and generous every day, caring for one another and doing everything we can to make sure everybody has a good day at school. Kindness reinforces our shared sense of community, it builds trust and respect and it ensures that we take our social responsibilities seriously.

#ProudToBeEndon Well done!
